

Nephroplus Announces The Acquisition of DaVita Care India

Hyderabad, November 05, 2018: NephroPlus, India's largest dialysis care network and a trailblazer in redefining dialysis care in India announced the acquisition of DaVita Care India, part of DaVita Inc., a Fortune 500® company, and a leading provider of kidney care in India today.

Under the terms of the agreement, which closed today, NephroPlus will acquire DaVita Care India's network of 22 centres which serve more than 1,700 dialysis patients nationwide. With this acquisition, Nephroplus will further strengthen its servicing capacity as the dominant dialysis centre network and will have a presence in 18 states of India with 176 centers across 97 cities.

"We are proud of our accomplishments in India and this deal is a reflection of the hard work and value creation delivered by our team," said **DaVita International CEO Robert Lang**. "We remain excited about our future in Asia Pacific and look forward to continuing our commitment to the region."

Vikram Vuppala, Founder and CEO, NephroPlus said: "NephroPlus was started 8 years back with a vision to enable people on dialysis across the world lead long, happy and productive lives. Today we serve over 12,000 patients on Dialysis through our network of 150+ clinics across 90+ cities in 18 states. With this acquisition we have reaffirmed our strong commitment to redefine the dialysis delivery eco-system in India & abroad. We warmly welcome the clinical team mates, Nephrologist and Hospital partners of Davita India and importantly, all those getting dialysis at Davita centres into our network. We reinforce our commitment to further improving the standards of clinical care across the larger combined network"

"This is an exciting time for NephroPlus. This development offers immense opportunity to broaden our reach and provide our high-quality dialysis care at affordable prices to many more people on dialysis. We are excited to bring our proactive approach to clinical outcomes, no-compromise clinical quality and safety and guest-centric care to many more people on dialysis. We will be able to touch many more lives through this acquisition and showcase our core value of 'Guest care comes first' to more people on dialysis." said **Kamal Shah, Co- Founder and Director Patient Services**. He has been on dialysis himself for over 21 years.

DaVita Care (India) Pvt. Ltd. owns and operates a network of dialysis and kidney care centers that provide care for acute and end-stage renal disease patients in India. The company offers dialysis services, including in-center and home hemodialysis, peritoneal dialysis, and AV Fistula and AV graft procedures and allied services that include psychological counselling and diet and nutrition advice.

About NephroPlus:

NephroPlus, India's largest dialysis provider network offers the highest quality dialysis service at affordable prices. NephroPlus has 153 centers currently, located in 92 cities across 18 states in India and has a vision to enable people on dialysis across the world to lead long, happy and productive lives. They strongly believe that those on dialysis can work, travel and have fun just like healthy people. NephroPlus has always endeavored to provide quality dialysis for their guests which enables this vision to be fulfilled. The goal has always been to redefine dialysis in India and beyond.
