

## **PRECAUTIONS FOR DIALYSIS PATIENTS COVID – 19 (CORONA VIRUS)**

**If you have any of the following symptoms, let nephrologist or doctor know immediately:**

- Fever
- Dry cough
- Shortness of breath
- Aching muscles
- Fatigue

(Running nose and sore throat are typically not symptoms of corona virus)

### **General Precautions:**

- Avoid crowded areas (cinema halls, buses, trains, flights etc.)
- Cover your nose and mouth with a tissue or elbow when coughing or sneezing
- Avoid touching your nose, mouth, eyes and face with your hands
- Wash your hands thoroughly several times a day with a germicidal soap (like Dettol)
- Wear a mask when you are in the dialysis centre or hospital
